RESPONSE TO ELECTION OF SPECIES REQUIREMENT

Sir:

In response to the Election of Species Requirement dated September 29,
2005, Applicant provisionally elects the species I covered by Figure 2 with
traverse.

It is respectfully submitted that the subject matter of all species is
sufficiently related that a thorough search for the subject matter of any one of the
species would encompass a search for the subject matter of the remaining species.
Thus, it is respectfully submitted that the search and examination of the entire
application could be made without serious burden. Sec MPEP §803, in which it is
stated that "if the search and examination of the entire application can be made

without serious burden, the Examiner must examine it on the merits" (emphasis added). Accordingly, Applicant respectfully requests reconsideration of the Election of Species Requirement.

Date: 10/27/05

Respectfully submitted,
